

## INCOME TAX ACT 1967

## INCOME TAX (EXEMPTION) (No. 10) ORDER 2009

IN exercise of the powers conferred by paragraph 127(3)(b) of the Income Tax Act 1967 [Act 53], the Minister makes the following order:

**Citation and commencement**

1. (1) This order may be cited as the **Income Tax (Exemption) (No. 10) Order 2009**.

(2) This Order is deemed to have come into operation on 21 May 2003 and shall have effect to the extent of its application for the purposes of subparagraph 3(b) and subparagraph 4(1).

**Interpretation**

2. In this Order—

“forest plantation project” means a forest plantation project for species as specified in the Schedule;

“new forest plantation project” means the first approved forest plantation project undertaken by a company;

“expansion forest plantation project” means a project involving new investment undertaken by a company in expanding its approved forest plantation project and the approved forest plantation project has not been granted any tax exemption under this Order or the Income Tax (Exemption) (No. 11) Order 2009;

“approved project” means a project which fulfills the condition in paragraph 3;

“company” means a company—

- (a) incorporated under the Companies Act 1965 [Act 125] and resident in Malaysia; and
- (b) undertaking a new project or an expansion project.

**Approved project**

3. A project undertaken by a company is qualified for an exemption under this Order if such project fulfills the following conditions:

- (a) the project is a forest plantation project or an expansion forest plantation project; and

- (b) the application for the new forest plantation project or the expansion forest plantation project relating to the project referred to in subparagraph (a) is made to the Minister, through the Minister charged with responsibility for that project, on or after 21 May 2003 but not later than 31 December 2011.

### **Exemption**

4. (1) Subject to subparagraph (2), the Minister exempts a company from the payment of income tax in relation to—

- (a) a new forest plantation project for a period of ten consecutive years of assessment (referred to in this Order as the “exempt years of assessment”) in respect of the statutory income, commencing from the first year of assessment in which the company derived statutory income from that new forest plantation project; or
- (b) an expansion forest plantation project for a period of five consecutive years of assessment (referred to in this Order as the “exempt years of assessment”) in respect of the statutory income from its existing approved project and expansion project, commencing from the first year of assessment in which the company derived statutory income from the existing approved project and expansion project, as the case may be, and that first year of assessment shall not be earlier than the year of assessment in the basis period in which the date of approval from the Minister falls.

(2) The statutory income of the project referred to in subparagraph (1) in the basis period for each of the exempt years of assessment shall be determined after deducting allowances which fall to be made under Schedule 3 of the Act notwithstanding that no claim for such allowances has been made.

(3) Where an asset used for the purpose of the project referred to in subparagraph (1) is also used for the purpose of a project or business other than that project, the allowances which fall to be made under Schedule 3 of the Act shall be deducted as is reasonable having regard to the extent to which the asset is used for the purpose of the new project or expansion project, as the case may be.

(4) Nothing in subparagraph (1) shall absolve or is deemed to have absolved the company from complying with any requirement to submit any return or statement of accounts or to furnish any other information under the provision of the Act.

### **Losses**

5. (1) Any amount of adjusted loss incurred—

- (a) from the year of assessment in the basis period in which the project referred to in subparagraph 4(1) has commenced to the year of assessment immediately prior to the exempt years of assessment; and

(b) during the exempt years of assessment,

shall be carried forward and deducted against the statutory income of the project referred to in subparagraph 4(1) in its post-exempt year or years of assessment until such project has utilized the whole amount of the adjusted loss to which it is so entitled.

(2) The amount of the adjusted loss that was utilized to reduce the statutory income of the project referred to in subparagraph 4(1) in its post-exempt year or years of assessment shall be disregarded for the purposes of subsections 43(2) and 44(2) of the Act.

#### **Capital allowance**

6. For the purpose of this Order, Schedule 3 of the Act shall apply.

#### **Withdrawal of tax exemption**

7. The Minister may withdraw the exemption on the statutory income of the project referred to in subparagraph 4(1) if a company fails to comply with the conditions imposed by the Minister.

#### **Separate account**

8. A company which is exempted under subparagraph 4(1) shall maintain a separate account for the income derived from the project referred to in that subparagraph.

#### **Application of paragraphs 5 and 6 of Schedule 7A of the Act**

9. Paragraphs 5 and 6 of Schedule 7A of the Act shall apply, *mutatis mutandis*, to the amount of statutory income exempted from the project referred to in subparagraph 4(1).

#### **Non-application**

10. This Order shall not apply to—

(a) a new project or an expansion project, that commences after one year from the date of approval or after such extended period approved by the Minister;

(b) a company in the basis period for a year of assessment if that company for that year of assessment—

(i) has been granted any incentive under the Promotion of Investments Act 1986 [Act 327];

- (ii) has made a claim for reinvestment allowance under Schedule 7A of the Act;
- (iii) has been granted an exemption under paragraph 127(3)(b) or subsection 127(3A) of the Act; or
- (iv) has qualified for a deduction under any rules made under section 154 of the Act including any rules that provides higher fraction for an asset for the purpose of qualifying plant expenditure under Schedule 3 of the Act.
